

**7th International Conference on
Modern Practice in Stress
and Vibration Analysis**

**8–10 September 2009
New Hall, Cambridge, UK
www.mpsva2009.org**

Organised by the Stress and Vibration Group of the Institute of Physics

This Conference is the seventh in an international series organised by the Stress and Vibration Group of the Institute of Physics. The scope of the conference covers the full range of fundamental, experimental and applied research in stress and vibration analysis.

Keynote Speakers

Professor Arun Shukla, *University of Rhode Island, USA*

Professor Robin Langley, *University of Cambridge, UK*

BSSM Measurements Lecture

Professor Mark Spearing, *University of Southampton, UK*

Key Dates

Expressions of interest	from 1 January 2008
Abstract deadline	15 September 2008
Paper submission deadline	15 December 2008

The procedure for submission of the above is provided on-line at www.mpsva2009.org

Papers

Accepted final papers will be published in the open access, on-line *Journal of Physics: Conference Series* www.iop.org/EJ/conf.

EMex Exhibition

BRITISH SOCIETY FOR
STRAIN MEASUREMENT

The British Society for Strain Measurement are organising their annual exhibition 'EMex' at the conference. The exhibition will include demonstrations of new instrumentation, analysis packages and techniques relevant to the conference theme.

Conference Chairman

Dr Janice Barton, *University of Southampton*
