

First announcement and call for papers

Advances in Photovoltaics

15 September 2010, Institute of Physics, London

Organised by the IOP Ion and Plasma Surface Interactions Group

Co-sponsored by the IOP Energy Group, the Thin Films and Surfaces Group and the APT Division

<http://www.iop.org/Conferences/>

This one day meeting provides a forum to help assess the current state of the art. It brings together a list of distinguished invited speakers whose expertise covers the range of photovoltaic technologies.

Speakers include

- **The Advent of Mesoscopic Solar Cells**
Michael Graetzel (EPFL Laussane, Switzerland)
- **Transparent Conducting Coatings for Thin-Film PV – A Flat Glass Industry Perspective**
Paul Warren (Pilkington Technology Management)
- **Overview of Polycrystalline Thin Film CdTe Research at NREL**
Ramesh Dhere (NREL, USA)
- **Concentrating Photovoltaic Systems**
Roger Bentley (Whitfield Solar)
- **Plastic Solar Cells**
Chris McNeill (Cambridge University)

Call for abstracts

Contributions for 10 minute oral talks and a limited number of poster presentations are invited. A title should be sent by Friday 23 July 2010 to Christina Kokoroskou, CREST, Holywell Park, Department of Electronic & Electrical Engineering, Loughborough University, Loughborough, LE11 3TU, UK or by e-mail to C.Kokoroskou@lboro.ac.uk

Exhibition

A table top exhibition will complement the conference programme. The exhibition is for companies interested in increasing their visibility and promoting their products and services to a specialised audience. Please contact Jenny Bremner for further information.

Organisers

Professor Michael Walls, Loughborough University

E-mail: j.m.walls@lboro.ac.uk

Dr Zoe Barber, University of Cambridge

E-mail: zb10@cam.ac.uk
