Continued overleaf >>

Description of project:

If you need more space please use the Additional Information box, see overleaf

Aim of this project: (eg is there a specific problem it will address?)

Longer term benefits of this project:

Evaluation: how will you find out if the project has had the impact you intended? (N.B. you will not receive any further grants unless you can show how you have tried to measure the impact of this grant. You may find looking at the scheme's evaluation form helpful.)

Continued overleaf >>

Budget

Please list all actual or proposed expenditure in as much detail as possible:

	Total

If the amount is over £600 how will this additional expenditure be covered?

Additional information:

The information you provide on this form will be held by the Institute of Physics (IOP) and used solely for the purposes of administering and evaluating the School Grants Scheme, including analysing future applications from the named school.

In order to evaluate your application, your details will be shared securely by IOP with third party evaluators, who are informed that they may only use this data for the evaluation. For further information please refer to our privacy policy <http://www.iop.org/privacy/index.html>
