

Institute of Physics, IET and STFC School Grants Scheme Evaluation Form

Please complete all sections of the form in full. This form must be returned electronically to schoolgrants@iop.org.

Please be aware that this evaluation will be considered when judging any future applications to the scheme. We are looking for an honest evaluation and the lessons learnt rather than proof of a perfect project.

Your evaluation should aim to:

- Establish whether the objectives of your project have been met.
- Determine the impact your project has had.
- Identify how the project could have been more effective.

Title of Project

Contact Name

School

Address

Town

County

Post Code

Tel

E-mail

Areas of physics or engineering involved

Numbers and ages of students involved

Please rate each section 1 – 5 (5= Excellent, 1 = Poor)

Pupil enjoyment

Pupil learning

Improvement in pupils' attitude to physics

Evaluation of the project.

Please comment on whether you achieved your objectives and what feedback you gathered.
