

2022 UK NSG Early Career Meeting

On 10-11 November 2022, the UK NSG will be holding an in-person Early Career Researcher meeting at The Cosener's House in Abingdon in Oxfordshire. The two-day meeting will offer plenty of networking, social and scientific opportunities. The entire networking and scientific programme will come from the early career researchers attending the meeting, and you can submit abstracts for oral presentations now (deadline 13 October). More information about the meeting can be found at the conference website (<https://iop.eventsair.com/nsg2022/>).

ECNS 2023

The Heinz Maier-Leibnitz Zentrum (MLZ) is hosting the Eighth European Conference on Neutron Scattering between March 20th and 23rd, 2023. The conference will take place at the TUM Department of Mechanical Engineering and the new Science Congress Center Munich – both located in the immediate vicinity of the MLZ at Garching.

Registration and abstract submission is now open. Become a part of it and submit your abstract **before Oct 20th, 2022**.

Find all details at
www.ecns2023.eu

ENSA call for ICNS 2025 in Europe

The European Neutron Scattering Association (ENSA) has opened the call for the International Neutron Scattering Conference (ICNS) to be held in Europe in 2025. Candidate institutions are encouraged to submit their proposals to the ENSA Board. The deadline is 15th January 2023. Following a presentation for all ENSA members, the successful candidate institution will be announced at the European Neutron scattering conference in Garching (20-23 March 2023). The details of this call will be found [here](#).

ESS-ILL User Meeting

Registration is still open for the ESS-ILL User meeting with a deadline of **24th August**:

<http://www.neutrons4europe.com/>

The meeting takes place **5-7 October 2022** in Lund.

Access to Facilities

ILL – after the long shutdown, the ILL has its first proposal round upcoming. The deadline for proposals is **7th September**. Please see [here](#) for further information, such as instrument availability.

ISIS - now accepting applications for beam time for both TS1 and TS2 instruments. Deadline: **17th October**. More information [here](#).

SINQ - call for proposals I/23, proposal submission deadline: **November 13th**. More information [here](#)

Get in touch

Do you have a news item that you would like to see included in this newsletter? Are you advertising for PhD or PDRA position in the field of neutron scattering? Have you just defended your PhD and want the community to know about this? Have you been to a conference or published/read a book or chapter or paper that is of interest to the neutron scattering community? Then get in touch with a short description of the item at committee@ukneutron.org and we will include the item in the newsletter for the following month as well as publicize on our webpage <http://ukneutron.org> and through our Twitter account @ukneutron.

This newsletter is also available on the web and in larger print sizes
